Bargains in Heating Stoves

Owing to the remarkably mild winter, we have in stock more Heating Stoves than we care to carry over to another season. In view of this fact we have decided to cut prices on all grades in order to reduce stock. If you are in the market for a stove it will pay you to see us before you buy.

MEN'S MEETING

For Next Sunday Night At Methodist Church.

Thursday night announcement was made at the Methodist church that another meeting for men only would be held Sunday night. We learn that the K. of P. and Odd-Fellows orders have been invited to attend and that seats would be reserved for them. The Knights of Pythias have accepted the invitation and will attend the services in a body. A meeting for young people was also announced for Sunday afternoon. There is no abatement in interest and the house is still packed at the night service. There are many inquirers after light and great results from the earnest preaching of Mr. Davis is hoped for. The meeting may be expected to continue through the coming week, as Dr. Lyon stated Thursday night that he wanted to hold a jubilee meeting Monday night and hoped all who have made profession during the meeting would be present.

KENNEDY PLAYERS.

This afternoon—matinee—"The Little Mother." Tonight—"The James Boys."

This company completes its week's engagement tonight. The entire repertoire presented was most satisfactory. The company is one of the strongest popular price ones that has ever held the boards here and there have been many high priced companies' shows that were not so much entitled to liberal patronage as are the Kennedy players.

Salter-House

A quiet, beautiful home wedding took place Wednesday, Jan. 24th, at 4:30 p. m., at the residence of Mrs. E. E. Evans, on East Seventh street. The contracting parties were Miss Carrie B. Salter and Dr. Thomas Burr House, of Springfield, Tenn. The bride is the youngest sister of Mr. Hiram P. Salter, a prominent railroad official of Anniston, Ala., and is a young lady of unusual beauty and much talent. Dr. House, who is a promising young physician of Springfield, having a large and lucrative practice there, is to be congratulated upon his good fortune in winning the heart and hand of this beautiful girl. The bride wore a handsome gown of dark blue broadcloth, with hat to match. The groom wore the usual suit of black. As the low, sweet strains of the wedding march were heard the bridal party entered the parlor and stood facing the minister, Dr. A. P. Lyon, who, in a beautiful and impressive ceremony, pronounced them husband and wife.

After congratulations the happy couple left on the 5:18 train for their future home at Springfield. The popularity of the bride was fully attested by the many beautiful and costly presents which she received. The best wishes of a host of friends follow her to her new home.

WILL BE SOLD

Today in front of City Hall at 10 O'clock.

The city clerk will sell this morning, at 10 o'clock, in front of the city hall a franchise to construct and operate a street car system in this city. There is some guess work as to who will be the purchaser, but no one cares much who he may be if he carries out his contract and has the cars running as soon as possible. What the people want is to see the cars running, no matter who starts them.

Banners Flying.

Main street looks as if there was a street fair going on or some grand lodge holding a meeting here. Banners advertising cut sales on everything are stretched across the streets and everybody seems to be "buying themselves rich." On with the dizzy dance of prices! The People like it. If the merchants can stand it, the people can.
